## Professional Summery

---

Enthusiastic and dedicated aspiring Primary Teacher with a strong passion for education and student development. Although new to formal teaching, I have gained valuable experience in mentoring, handwriting improvement, and confidence-building through tutoring and public speaking initiatives. Eager to create an engaging, inclusive, and supportive learning environment to help students thrive and reach their full potential.

## Relevant Experience

---

### Teaching Assistant (Frontend Development)

*FunctionUp, 2023 – 2024*

- Assisted junior students with understanding frontend development concepts, solving coding challenges, and debugging issues during the training sessions
- Provided one-on-one support, helping students grasp difficult topics and enhancing their technical skills
- Tools Used: HTML, CSS, JavaScript, React

### Public Speaking Mentor

*SpeakUp Club, 2024 – Present*

- Conducted interactive sessions to help members build confidence and improve their public speaking and communication skills
- Organized activities that encouraged group discussions, speeches, and presentations, focusing on overcoming speaking anxiety and improving articulation
- Tools Used: Zoom, Google Meet, Presentation Software

## Skills and Teaching Methodologies

---

### Student-Centered Learning Approach

- Focus on creating interactive lessons and activities that encourage student participation and engagement
- Use of formative assessments to gauge student understanding and tailor lessons accordingly
- Tools Used: Google Classroom, Kahoot, Padlet

### Differentiated Instruction

- Adapt lessons to meet diverse student needs by offering various learning resources and tailored activities
- Emphasis on inclusivity and accessibility for all students, including those with learning difficulties
- Tools Used: Microsoft OneNote, Google Docs, Special Education Apps

### Collaborative Learning and Peer Feedback

- Facilitating peer-to-peer learning and feedback to build communication and collaborative problem-solving skills
- Encouraging students to work together on projects, share knowledge, and support each other's learning journeys
- Tools Used: Google Meet, Zoom, Microsoft Teams

## Education

---
